**Come cultivate your abilities as a beekeeper!** This two-day hands-on instructional program is designed as the next step for apiarists who have knowledge of the industry and have kept a colony for at least one (1) full year. Attend morning lectures in the classroom and spend afternoons in the bee yard applying the methods learned earlier in the day.

Attendees should have a general knowledge of the language and terminology of beekeeping as well as a basic understanding of the biology of Honey bees. Fundamentals of beekeeping will not be covered.

## **Featured Course Topics**

- IPM for honey bees
- Methods and equipment for moving honey bees
- Feeding methods and equipment
- Honey removal methods
- Small-scale queen and nuc production

**You will be working with LIVE bees. Be aware that there is a small risk of bee stings occurring during the program.**

**REGISTER TODAY!! Only 40 participants admitted per session!**

Instructor, **Bob Hughes**, is a sideline beekeeper with over 25 years of beekeeping experience. Instructor, **Tim Schuler**, currently serves as State Apiarist with the NJ Department of Agriculture, and has 22 years of beekeeping experience.

**NOTE:** Continental breakfast is provided both days. You are on your own for lunch. A box lunch is available for an additional \$10 per day. To order, please indicate your request with your registration, and include an additional \$20 with your payment. Be sure to advise of any dietary restrictions.
